Email Date: August 28, 2013

SUBJECT LINE: Draft Outline for Your Review: State Health Care Innovation Plan

This email is being sent on behalf of Karen Merrikin, State Health Care Innovation Planning Project Director.

The Draft Preliminary Outline for the State Health Care Innovation Plan is now available for review and public comment from Feedback Network members (links provided). Please read and consider the following before your review, then submit your questions and comments:

- 1) The Draft Preliminary Outline is a roadmap that specifically follows guidelines set by the federal Center for Medicare and Medicaid Innovation (CMMI), funders of the planning process. The document follows CMMI's recommended format.
- 2) The Draft Plan to be released in October will differ significantly from the Draft Preliminary Outline, as refinement is an ongoing process.
- 3) More than 700 people are participating in direct discussions and/or the SHCIP Feedback Network. Providing us with clear and concise comments on the Draft Preliminary Outline will aid staff in processing everything submitted. In other words: brief is better.

Finally, thank you for participating in the Feedback Network and development of a workable plan for Washington State:
